BEGINNING OF THE 20TH CENTURY

If you are a wine enthusiast, a couple looking for a romantic getaway, a group in search of outdoor adventure, or all of the above, this is the best place to go!

Unique experience

We invite you to the wonderful world of Chateau Mukhrani, an essential experience for any wine enthusiast. Our wine tour will invite you to discover the Georgian royal family history and breath-taking legends, a flavor of antiquity and enchanting wines. The Chateau lies on the estate of Prince Ivane Mukhranbatoni, a descendant of the oldest royal dynasty in the world, the Bagrationi. He was a great political and military figure of the 19th century.

The well-educated and talented landlord was famed for his winemaking. He learned the fine art of winemaking in the Bordeaux and Champagne regions, and started producing exceptional Georgian wines on the ancestral Mukhrani Estate land, implementing innovative technologies. Since the first harvest in 1882, this outstanding quality has been highly acclaimed, winning many awards.

Exceptional Location

Château Mukhrani is located in the beautiful village Mukhrani. It is a 25 minute drive from Tbilisi. The vineyards of the Château are located on the best selected plots of this exquisite estate.

Fabulous castle and cellars, wonderful gardens and vineyards made Château Mukhrani world-renowned. Here wine has been cultivated for centuries. Archeological excavations in this region have found traces of wine-making as far back as the Stone Age.

ACCESS PLAN

After the highway exit, follow the police station signage; then turn right 600m after the police station.
