in cooperation with the  
South Caucasus countries.**

**THIRD INTERNATIONAL ANNUAL  
CONFERENCE**

**22-24 October 2001, Tbilisi, Georgia**

TELEMATICS CAUCASUS-2001

The Georgian Research Institute for Scientific and Technical Information (TECHINFORMI), the Georgian Federation for Information and Documentation (GFID) and the International Centre for Scientific and Technical Information (ICSTI) are honoured to welcome you to the Third International Annual Conference **TELEMATICS CAUCASUS-2001** to be held on **22-24 October 2001** in Tbilisi, Georgia.

The conference programme includes the following sessions:

**1. National and Regional Information Policy in Networked Economy**

**2. E-business: Building Interactive Relationships with Online Customers** (suggested topics cover wide range of issues including e-commerce market, e-business for SMEs, e-banking, commercial networks for technology transfer, e-commerce security, e-commerce opportunities for education and health care, etc.).

The projects on the regional and global information exchange networks in technology transfer and countries research potential patterns will also be discussed at the conference.

The conference will host information science professionals and information services providers, network operators, software and web developers, educators, medical practitioners and mass media representatives, managers in business and financial services, decision makers in industry, agriculture and environmental protection, government officials, etc.

TELEMATICS CAUCASUS-2001

Approximately 200 participants from about 25 countries worldwide are expected to attend the conference, among them the heads and representatives of nearly all of the national information centres of the Eastern European and CIS countries.

**Working Languages:** The official working languages are Russian and English for all papers and presentations. The simultaneous translation will be provided.

**Registration Fee:** USD 100. Registration fee provides for participant's package, coffee breaks and lunches during the work of the conference, participation in opening and closing receptions, meeting/seeing off. The invited speakers are not charged the Registration Fee. The representatives of ICSTI member-countries are allowed discount.

**Accommodation:** The participants of the conference are offered hotels (USD 60-180 per day including breakfast) or comfortable private apartments (USD 30-35 per day including breakfast) at their option.

The information on the conference is updated at [www.tech.org.ge/telematics2001/](http://www.tech.org.ge/telematics2001/)
