中國·箜篌

CHINESE
KONGHOU

箜篌是十分古老的彈弦樂器，最初稱“坎侯”或“空侯”，在古代除宮廷雅樂使用外，在民間也廣泛流傳，在古代有卧箜篌、豎箜篌、鳳首箜篌三種形制。從十四世紀後期不再流行，以致慢慢消失，祇能在以前的壁畫和浮雕上看到一些箜篌的圖樣。

Konghou is a very old string music instrument which was played in royal court in ancient China and widely spread in the folk later. It had three styles, including horizontal, vertical and Phoenix-head Konghou, in ancient China. It was out of fashion from the late 14 century and gradually disappeared. So we can only see what it is like in old-time frescoes and embossments.
